FOR IMMEDIATE RELEASE

### Payday HCM Wins “Top Workplaces 2017” Award

ALBUQUERQUE, May 16, 2017: Payday HCM proudly accepted *The Albuquerque Journal's* award for “Top Workplaces 2017” at a recent luncheon held in honor of the recipients. The newspaper recognizes Payday HCM as one of 45 of New Mexico’s best businesses and organizations to work. The distinction is based solely on surveys about the workplace completed by their employees. The Journal says “Top Workplaces are not only better places to work but are more likely to be successful than peer organizations.”

Payday HCM is formerly known as Payday, Inc., and has been serving Albuquerque businesses since 1985, when Andrew and Sylvana Siegel recognized the critical need for a payroll processing service geared toward businesses under 100 employees. Over the years, the company has expanded its reach throughout New Mexico, Texas, and Arizona.

Payday, Inc., recently rebranded as Payday HCM in order to better convey the multiple services they provide. The acronym “HCM” stands for “Human Capital Management,” which focuses on a set of practices related to workforce management through core administrative support in staffing, benefits administration, HR consulting, and providing a platform for companies to conduct self-service timekeeping and payroll processing.

Payday HCM CEO Andrew Siegel explains that the company’s success as a business is directly related to the satisfaction of its employees. “We are a company that fosters a work environment where diversity is valued, quality of life is enhanced, individual aspirations are fulfilled, and our reputation is strengthened.”

### About the Company:
